PRESS RELEASE

SpeedFerries pushes the limits for low cost ferry tickets even further by introducing SuperTickets on the Dover-Strait

After provoking huge price reductions on the cross-Channel ferry market by offering low-cost tickets, SpeedFerries is ready to take one major step further to offer customers much more at less cost.

Cheap tickets for Channel crossings normally offer cheap conditions. All sorts of restrictions apply and usually the traveller's money is lost if the sailing is missed or if any changes have to be made in relation to a planned trip.

This has never been the case at SpeedFerries where tickets are always amendable for a fee of £10. Now we are pushing the limits for low cost ferry tickets even further by offering SuperTickets at no extra cost for our customers.

As an introduction all tickets sold during the month of October will be issued as SuperTickets at a fixed price of £50 return for the 50 minutes crossing on the Dover-Boulogne fast ferry service. Depending on the success of the campaign SpeedFerries will consider prolonging the offer.

The SuperTicket offers great value for all at the same time as being a unique offer for frequent travellers:

£50 Return for a standard car + six passengers

The fastest Channel crossing at high quality and low cost, bringing the traveller closer to France via a superior destination.

No restrictions on the duration of stay or the available sailings

Valid from October 2004 and all through 2005.

Fully Amendable

Tickets can always be amended for a £10 fee, giving e.g. a price of £60 if a SuperTicket is changed once to a peak season sailing.

Fixed Price until the end of 2005

SuperTickets can be amended to any departure(which is not sold out), irrespective of the future price of the new selected sailing, including peak season and peak sailings.

A maximum of 25 SuperTickets can be purchased per customer. SuperTickets are for personal and non-commercial use only.
